PRODUCT DATA SHEET

SikaCim® Tile Grout Additive

ADDITIVE FOR TILE GROUT, CHEMICAL, FUNGI AND MOSS RESISTANCE

DESCRIPTION
SikaCim Tile Grout Additive is a styrene acrylic for addition to Sika Tile Grout where good adhesion, chemical, fungi and moss resistance are required.

USES
Additive for Tile Grout which increase performance, higher chemical resistance, prevent moss or fungi and more impermeable.

CHARACTERISTICS / ADVANTAGES

▪ Easy to use
▪ Chemical cleaning agent resistance.
▪ Prevent growth of fungi and moss.
▪ Improved watertightness
▪ Suitable for swimming pool application

APPLICATION INSTRUCTIONS

MIXING

▪ Prior to mixing, shake SikaCim Tile Grout Additive briefly until homogenous.
▪ Pour 300 mL of SikaCim Tile Grout Additive into mixing vessel.
▪ Add slowly the total contents of Sika Tile Grout (1 kg) while mixing.
▪ Mix continuously for 2 minutes to achieve an even consistency.

APPLICATION

▪ Apply mixed material of SikaCim Tile Grout Additive and Sika Tile Grout with spatula.
**BASIS OF PRODUCT DATA**

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

**LOCAL RESTRICTIONS**

Please note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Please consult the local Product Data Sheet for the exact product data and uses.

**ECOLOGY, HEALTH AND SAFETY**

For information and advice on the safe handling, storage and disposal of chemical products, users shall refer to the most recent Safety Data Sheet (SDS) containing physical, ecological, toxicological and other safety-related data.

**LEGAL NOTES**

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product’s suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
