HOW TO CREATE AN ORDER BY UPLOADING AN EXCEL FILE (OPSI ORDER #3)

You can **upload an order from an excel file**.

From the basket icon in the top-right corner, click and scroll down until you find "Fill Cart with Upload File". Click it to display additional tools and options.

1. **"Download template"** will give you an Excel template to complete with a large order.
 - Save the downloaded file and rename as you want
 - Open the file and complete the two columns with the Sika material code and material quantity (in singles)
2. Ensure that each line has the correct value and appropriate quantity multiple.
 - Save and close the excel file.
3. Click **"Examine"** and browse for the excel file.
4. Click **"Validate"**. The items will be imported or the reason why an item cannot be added to your cart will be shown.
 - Entries for the same product can be imported more than once.
 - Order quantities will be adjusted to match the minimum order quantity or multiple quantities.

If there are errors, you can correct them in your original file and re-upload or add/adjust them in the cart.

Note: Importing and validating will replace all existing items in your cart.

The screenshot displays the Sika OPSI Order #3 interface. At the top, a yellow header bar contains the text "I'm looking for" and icons for search, basket, star, and share. Below this, a white bar shows delivery options: "Standard Delivery" and "Truck Without Special Requirement". A "Requested Delivery Date" field is set to "16-09-2022", with an "Update Cart" button. A "Fill Cart with Upload File" checkbox is checked. The main area features a "Name of file" input field with an "Examine" button (labeled 3), a "Download Template" button (labeled 1), and a "Validate" button (labeled 4). Below the input fields, a table shows the upload progress:

	COLOUR	PACKAGING	MIN QTY	PRICE UNIT	YOUR PRICE	QUANTITY
538666	Sika MonoTop-115 GP	25 KG	40 PC			en

Below the table, a small Excel spreadsheet is shown (labeled 2) with columns A and B. Row 1: material, quantity. Row 2: 489516, 5. Row 3: 489423, 3. Row 4: 487333, 10. Row 5: (empty).

Below the spreadsheet, a "File import details" section (labeled 4) shows the results of the validation:

- Row 2: Material "489516" not found.
- Row 4: Material "487333" not found.
- Row 3: Quantity "3" is too small for material "489423", used the minimum order quantity "25".

Below the details, a product card for "489423 EVERBUILD TECNIC ANTI PICK 109 soft linen" is shown, including a description: "Cartridge cont. 310 ml" and "Box with 25 cartridges".
